### Important Information About VIP Plans

- There is a \$50 one-time enrollment fee (per pet)
- This is a 12-month contract \*Owner will sign a cancellation agreement if cancelling or is not going to renew.
- \$50 cancellation fee if cancelling within the 12-month term
  - o This fee is waived if owner is moving out of the county or a pet becomes deceased.
- If cancelling within 12-month term, owner is responsible for “buying out” of contract OR continuing auto-draft until all 12 payments are received.
  - o Must pay for services/products utilized in plan. The amount of monthly payments made is put towards that number and owner pays the difference.
- Owner is responsible for picking up prevention when due. We will send a reminder text as a courtesy when our system tells us the pet is due.
- If owner fails to pick up prevention when due, they will not be owed any additional at the end of their plan. We can and will only fill if exam and heartworm test are current.
- If something happens to pet while enrolled (ex. Rehomed, passes away, etc.), owner is still responsible for payments. Refer to bullet #4, same terms apply.
- Be sure to get a phone number and email on the contract.
- We reserve the right to decline re-enrollment of the VIP Plan if you are behind on account auto-draft payments.
